

Need a Complete Server Solution for Your DataFlex WebApps?

Get a ***DataFlex Cloud Starter Kit*** and be up and running in *four business hours – or less!*

What does a DataFlex Cloud Starter Kit include?

- An Amazon-Web-Services (AWS)-hosted "T2.Medium" server preconfigured with everything you need to run a DataFlex WebApp!
 - Microsoft Windows Server 2012 R2 w/ Internet Information Server (IIS) v8.5
 - 4GB of RAM; 50GB of Elastic Block Storage (disk space)
 - Microsoft SQL Express 2012
 - DataFlex WebApp Server with Connectivity Kit (SaaS license for one WebApp)
 - 15GB of monthly outbound data transfer aggregated across all AWS services
 - 1GB of optional monthly AWS Regional Data Transfer(Other AWS server and DataFlex software configurations are available.)
- Remote AWS server access via Microsoft's Remote Desktop Connection and/or VPN
- Windows desktop shortcuts for:
 - Installing the current production release of DataFlex Studio*
 - Installing the developer version of DataFlex Reports*
 - Installing Chrome and Firefox web browsers
 - Accessing Amazon Web Service's Support site
 - Accessing Data Access Worldwide's cloud support forum

How long does it take to activate a DataFlex Cloud Starter Kit?

Just four business hours – or less!

How much does a DataFlex Cloud Starter Kit cost?

The DataFlex Cloud Starter Kit is only \$145/month, plus a one-time setup fee of \$145! Other AWS services charged at Amazon's then-current rates. U.S. only, regional pricing varies worldwide.

Amazon also offers 1-year and 3-year AWS "Reserved Instances" for approx. 25-50% less than AWS "On Demand" (monthly) prices. Annual commitment(s) required.

What if I need help/support for my DataFlex Cloud environment?

- Amazon provides: Basic Support (web-based FAQs free); Developer Support (<12hr response, phone, chat, email, screen sharing for \$49 mo); Business Support (1hr response, formula-based cost); and Enterprise Support (15min. response, formula-based cost)
- Community support through the DataFlex Cloud sub-forum on Support.Dataaccess.com
- Data Access Worldwide's Professional Services staff can also help you (standard rates apply)

To order a DataFlex Cloud Starter Kit, or for more information, contact:

Fern Bazerghi, 800-451-FLEX or 305-238-0012, Fern.Bazhergi@dataaccess.com

Prices are based on recurring, monthly, non-perpetual, and non-transferrable "SaaS" DataFlex licenses. Prices subject to change without notice. Other terms and conditions apply. Outside of the U.S., contact the nearest Data Access Worldwide office or channel partner.

**60-Day evaluation version only or, BYOL - or purchase a SaaS license*

Acronyms: AWS = Amazon Web Services; SaaS = Software as a Service; BYOL = Bring Your Own License
